

## EXPAND YOUR SALES IN THE HIGH GROWTH WIFI MARKET

This is an opportunity for you to make money on equipment sales and on a recurring revenue basis.

Many businesses want to offer WiFi internet access to their customers and are looking for reputable companies to deliver the solution. You can be that provider.

Our product is a “WiFi Hotspot Kit”. Coffee shops, hotels, motels, truck stops, car dealers, bowling alleys, campgrounds, marinas and many businesses want to offer WiFi internet access to their customers.

In addition, customers with Motorola Canopy or other wide area network solutions are looking for ways to add service and generate revenue.

Simply add a Whotspot WiFi Kit and your customers are able to charge for internet access at their location.

Whotspot manages it all. Installation is a snap! Just plug it into any broadband internet connection and your customers are ready to accept credit cards and prepaid SurfCards to access the internet.

### Your Pitch

Imagine your customers conveniently checking their email, contacting their office, clients, conducting business, chatting with friends and family, checking the traffic, weather and reading their local newspaper online from the comfort of your location.

- Leverage additional revenue from their existing customers
- Attract new customers
- Keep customers longer
- Control internet access to ensure only “real” customers have access
- Custom login portal page with promotional advertising opportunities and messages for each location

### Your Potential

You make **money on equipment sales and on recurring revenue**. You handle the sales – Whotspot manages the rest. Each client activation brings in monthly recurring revenue plus profits on users buying accounts online with their credit cards.
